**PROJECT MEMO**

To: Village Board  
From: Alan Swierczek  
Date: September 10, 2021

At the September 14<sup>th</sup> Board meeting, I would like to report on the following items:

- A Elm St residence drainage: Have had several conversations with Tom Firsching (Mohawk Valley Knitting Machinery) concerning alleged runoff from his parcel into the rear of residences along Elm St. Have also walked the area with John Montrose. On or about August 27<sup>th</sup>, Tom had some equipment excavating a deeper swale along his fenceline with those parcels with the intent of intercepting runoff and directing it elsewhere. Haven't had a significant storm event that would test his improvements since then. The matter maybe closed at this writing.
- B Elm-Main storm sewer improvements:
- 1 SEQR submittal has been prepared and distributed to involved/interested agencies for environmental comments.
  - 2 Contract documents (plans and specs) being worked on.

( No infrastructure projects currently active.)

# OPPORTUNITIES FOR UPSTATE

**Report for the Village of New York Mills: Remarks, observations, status; September 14, 2021**

**CDBG:** Alan has completed SEQRA and all POC's were mailed packages last week. I am working on NEPA and we will be ready to declare FONSI and Request Release of Funds prior to your next Board meeting. I will explain in detail when we meet later this month at a special meeting.

**Housing Rehab Programs:** The village will be applying for various housing specific programs such as RESTORE with a deadline of 10/22. Last NOFA for same was too short of a timeframe to prepare quality apps. We are setting a meeting with the Project Selection Advisory Board, perhaps as soon as this week. In addition, we will be looking at both affordable and market housing programs, including HOME and tax credit housing programs and CDBG new construction later this year and/or early 2022.

**Assistance to Firefighters Grants Program (AFG):** The deadline for AFG was February 12. Chief Rick and I worked on this and applied for needed turn-out gear. Announcements are being made each week, on Friday, and will continue until funds are depleted. Fingers crossed.

**USDA/RD CFL:** We are all awaiting the final cost estimate for the new fire truck. Meanwhile I am moving forward with securing an interest rate lock. More details will be available at the special meeting later this month.

**Oneida County Main Street Program:** THE OCMS program was recently announced and has been reviewed by my office. This will be on the agenda with the Project Selection and Advisory Board at our next meeting. Date TBA. Meanwhile we are asking that a representative from the Centennial Committee attend the PSAB meeting, which Amy is working on now, to discuss their needs and ideas/wishes.

Should any Village Official have questions regarding the above or other village needs, please do not hesitate to reach out to me via email [grants911@twcny.rr.com](mailto:grants911@twcny.rr.com) or directly on 315-867-4409.

Sincerely,

s/Don W. Hall
