New York Mills Highway Department

December 2021

Recycling for the month of November	20.71 tons
Tire	.38 tons \$72.20
Garbage	61.87 tons \$3835.94

We have 95% of leaves done so we are in good shape with the leaves.

Put 2006 plow truck together with plows and sander. Put Brine tank on F550 and plows on both pickups. Put Christmas lights up and Christmas Banners up at Main/Campbell and Main/Burrstone.

Used the bobcat with sweeper to remove snow on sidewalks and it worked okay.

Snowblower hasn't come in yet

We have a backup plan to order a fixed blade for the bob cat. It will take a week to come in. The only problem with the V plowing the sidewalks is that its going to leave snow in the residents' driveways but there is no way around this.

We are looking to hire Sean Brady to replace John Edwards.

I would like to state to replace 2006 plow truck and John Deer Loader, and leaf machine. They will take a very long time to come in as we learned from the other equipment we already have on order.
