The new Garbage Truck was delivered and they held a training class on its operation. The Employees did practice runs around the Village to acclimate themselves to all of its workings. It was used on Garage Day and the hydraulics quit working halfway through the route. I called Tracey and JJ and they both worked on it for a day and a half with no results. To date they are still trying to figure out what is wrong with it.

Bill Simpson is out of work due to Health Issues.

2006 Plow Truck is at Utica Mack to fix the power steering.

Scraped rust off the 2019 F550 and painted the box and rear frame.
