Code / Zoning Enforcement Officer

**New York Mills Public Library  
Consolidated Director's Report  
July, 2025**

Total Borrowers:	1,400
Total Circulation:	1,049
Total Additions:	57
Inter Library Loans Received:	242
Inter Library Loans Provided:	247
Audio, Ebook, & EMagazine Usage	360

July was statistically a very good month. Circulation was up 80%, and all other statistics were higher as well!

All Summer Reading Program performances went very well. The busing from the school worked out great! I am looking forward to rebooking at least one performer for next year, and exploring the possibility of booking one in conjunction with New Hartford library during winter break in February.

Unfortunately, we had only 4 people attend the County Clerk presentation. I am working on drumming up more interest in adult programming.

On Tuesday, August 12, former clerk, Susan will be visiting and we are having a coffee hour for patrons who would like to visit with her.

Thank you to all of the village staff for the support given to the library.

Respectfully submitted,  
Mary Lourdes M. Heaton

## New York Mills Fire Department

## August 2025 Report

### Alarms

**June: 114 alarms (amended)**

**Year to Date: 576**

**July: 107 alarms**

**Year to Date: 683**

### Training

**July: 143 hours**

**Year Total: 1430.25 hours**

### Personnel

The membership voted on the following action: Anianna Quiles – Voted out/no longer a probationary member

### Notable

We hosted the 131<sup>st</sup> Annual convention of the CNY Firefighters Association and the 72<sup>nd</sup> convention of the CNYFA Ladies Auxiliary.

We provided EMS standby to the Boilermaker Road Race and treated 8 patients during the event. Extreme heat/humidity conditions caused many problems along the route.

### Equipment

We purchased the SCBA filling station from Cicero FD. It was transported (courtesy of Joe Riopel and Rig All) and installed by Dick Schmidt and Joe Spost. Jerome Fire Equipment completed training on August 5. The unit is operational, but it was suggested that we run a fresh air supply line to the outside to maintain air quality. Dick Schmidt is looking into installing the line. The old filling station is ready for sale pending Board approval.

The Oneida County First Due dispatch and recordkeeping system was activated on 7/15. So far there have been a few issues but overall, the system is working for us. OC Emergency Services provides ongoing training. Originally the County had planned to provide tablets/monthly subscriptions for the new system but they changed their position and the expense will be on the local agency.

(OLD ITEM) Truck 1 – Still has issues related to the main ladder. Vander Molen quoted \$50k + for total replacement of ladder cables and pulleys. We are still evaluating.
