Equipment

Engine 2 will be going to a repair shop near Elmira later this month for warranty work.

(Old item) Radios - We still need to purchase digital radios. Oneida County recently decommissioned analog radios on Oct 6 which means the firefighters/EMTs who currently carry those radios and the vehicles that only have analog mobile radios will not be able to contact Fire Control. **STATUS:** We are looking at pricing options. Alternate financing was discussed during our budget hearing.

(Old Item) Truck 1 refurbishment – We contacted a repair shop in the Albany area (Bull Dog Inc.) and they had planned to come out and give us a quote. Their trip was cancelled due to the weather and we'll need to reschedule. 5/8 – Still trying to reschedule.
